19. Policy for In and Out-of-School-Suspension

Dear Student Athletes and Parents,

On behalf of the entire faculty and staff, I am very pleased that you have expressed an interest in participating in the interscholastic athletic program at New Life Academy. It has been my experience that students who get involved in extra-curricular activities, whether it be music, drama, clubs, student government or athletics, have a much better and richer experience in Middle and High School. We are very excited to be able to offer our students this opportunity with our sports program.

I hope you take the time to familiarize yourself with this booklet and understand the school's guidelines, policies, and expectations for our student athletes.

Philosophy of the New Life Athletic Program

New Life Academy recognizes the importance of athletic activities in providing students with important opportunities for a well- rounded education. Students are taught lifetime values such as commitment, discipline, hard work, leadership, teamwork and physical fitness, all of which are the foundation for academic success.

Our teams coaches and athletes will always strive to win, but not at the expense of character, positive attitudes, good habits, and good judgement. We are a Christian school and are part of the North Carolina Christian Athletic Association. Our athletes and coaches should be known for their character and class; humble in victory and gracious in defeat. Our athletic program is designed to develop, promote and provide the following: self- esteem, school spirit and pride, good citizenship, sportsmanship, cooperation, higher academic performance, responsibility, respect, positive role models, healthy lifestyles, and team building. We believe that sports should not only be rewarding but fun!

Code of Ethics for Parents, Spectators, Student/Athletes and Coaches

Code of Ethics for Spectators

- Attempts to understand and be informed of the playing rules
- Appreciates a good play no matter who makes it.
- Shows compassion for an injured player; applauds positive performance; does not heckle, jeer or distract players; and avoids the use of profane and obnoxious language and behavior.
- Respects the judgement and strategy of the coach, and does not criticize players or coaches for loss of game.
- Respects property of others and authority of those who administer the competition.
- Censure those whose behavior is unbecoming
- Respects officials and accepts their decisions without gesture or argument.

Code of Ethics for Students/Athletes

- Remember that academic performance is your primary responsibility.
- Read, familiarize yourself and comply with policies outlined in the Athletic Handbook AND your coach's specific set of team policies.
- Treat advisors, coaches and opponents with respect.
- Respect officials and accept their decision without argument or gesture.
- Exercise self-control at all times, setting an example for others to follow.
- Win without boasting, lose without excuse and never quit.
- Always remember that you represent New Life Academy and the community, and it is a privilege.
- Return any equipment. Equipment that is lost, damaged or stolen is the responsibility of the participant, and it is the responsibility of the participant to make restitution to the school.
- Report any injury to the coach no matter how minor the injury may appear. If the injury requires a physician's care, the participant must have written permission from the doctor before returning to the activity.
- Attend classes the day of, and after, a competition.
- Extracurricular activities are not an excuse for being tardy on the day following a competition.

National Federation of Middle/High Schools Code of Ethics for High School Coaches

- The responsibility of a coach is to teach godliness, attitudes, proper habits, knowledge and skills. The athletic program is designed to enhance academic success. Each student/athlete should be treated as an individual whose welfare shall be primary at all times. The coach must be aware that he or she serves as a model in the education of the student athlete and, therefore, shall never place the value of winning above the value of character building.
- The coach must constantly uphold the honor and dignity of the teaching profession. In all personal contact with the student athlete, officials, athletic directors, school administrators, the state high school athletic association, conference participants, the media and the public, the coach shall strive to set an example of the highest ethical and moral conduct.
- The coach shall support and enforce school rules for the prevention of drug, alcohol and tobacco use and abuse, and under no circumstances shall authorize the use of these substances.
- The coach shall promote the entire interscholastic program of the school and direct his or her program in harmony with the total school program.
- The coach shall be thoroughly acquainted with contest, state, league, conference and local rules, and is responsible for their interpretation to team members. The coach shall abide by the letter and spirit of these rules at all times.
- Coaches shall actively use their influence to enhance sportsmanship by their spectators, working closely with spirit groups, booster clubs, and administrators.
- Contest officials shall have the respect and support of the coach. The coach shall not indulge in conduct that will incite players or spectators against officials or against each other. Public criticism of officials or players is unethical.
- Before and after contests, rival coaches should meet and exchange friendly greetings to set the correct tone for the event.
- A coach shall not exert pressure on faculty members to give student athletes special consideration.
- It is unethical for coaches to scout opponents by any other means than those adopted by the state high school athletic association and the league.

- It is the goal of the athletic department to meet the needs of students by introducing and eliminating activities based on the desires of the student body.

Code of Ethics for Parents of Athletes

- Encourage your child and team. Be enthusiastic! Show school spirit.
- Maintain a positive attitude whether your team is winning or losing.
- Refrain from being insulting or showing bad sportsmanship during the competition. Any problems or concerns should be brought to the attention of the coach or the athletic director at another time.
- Support the team with team sponsored events, such as fundraising initiatives, phone trees etc.
- Parents, as spectators, are expected to exhibit good sportsmanship at all times. Spectators, including parents, who, in the judgement of the Director, Athletic Director, and/or the site administrator, behave in ways that are inappropriate and in violation of the guidelines set forth, will be warned about the behavior and then will be asked to leave the competition, immediately.
- Respect the judgement and strategy of the coach.
- Do not criticize players or coaches for loss of game.

Athletic Forms

The following athletic forms must be signed and returned before an athlete can attend the first practice:

1. Liability Waiver form
2. Sports Physical form
3. Emergency Contact form
4. Athletic Fee Contract

New Life Academy's Policy on Sports Physicals

It is New Life Academy's policy that all student athletes have a medical examination conducted. The Sports Physical form needs to be completed and

submitted prior to the first practice. No student will be allowed to participate without this form.

Injuries and Illnesses

During the course of your athletic season, you may find it necessary to seek the advice of a healthcare practitioner for reasons other than orthopedic sports injuries (i.e., the flu, strep throat or other illnesses). Please remember to obtain medical clearance from your practitioner stating when your child can return to sports participation. A medical note stating, "may return to school" is not sufficient. The note must indicate "cleared to participate in sports". Orthodontic work and dental cleanings are the only exceptions.

Academic Eligibility Policy for Athletes

Academic Eligibility Defined: Student athletes must be **passing all courses with a C or better** in order to be eligible for competition. It is important to note that during the time of their ineligibility, student athletes are still required to attend practice and games with their respective team, but not compete in any games.

Student Athletes with failing grades:

Student athletes will be **ineligible for competition** if they have a failing grade in a course at Progress Note or report card time.

1. The student/athlete remains ineligible for a four week period until the next progress report or report card is issued.
2. The student/athlete must maintain passing grades in all classes. Eligibility is certified by the Athletic Director or Principal.
3. A student who is not eligible according to the above guidelines, but who has a quarter GPA of 1.85 or higher, may have his/her eligibility reviewed by the Director and/or committee. Section 504 or and IEP status does not affect athletic eligibility.

Process: Once progress reports and/or report cards have been distributed, the Athletic Director will meet with students that have been identified as ineligible. The Athletic Director will contact student's parents to review with them the eligibility process and their due process rights as outlined in this document. The

process will start two days after progress reports/reports cards have been distributed.

Student/Athletes with Incompletes:

If a student has an incomplete, the student is eligible as soon as the incomplete is converted to a passing grade. If the incomplete becomes an F, ineligibility regulations apply.

Communication Plan for Athletic Concerns

Good communication is critical in athletics, on and off the field. A communication plan is in place to assist and to improve communication between parents, coaches and administrators, ultimately for the benefit of the student.

Involvement in athletics and activities will allow the students to experience some of the most rewarding times of their lives. However, there will likely be times when things don't go their way or they will disagree with a coach. It is important that students and parents realize these difficult situations are as much a part of the learning experience as are the good times.

The coaches work hard to do the best they can for all of their athletes, and we ask the students and parents to respect the fact that their decisions are often extremely difficult, and are made based on factors of which students and parents may not be aware. The student, not the parent, is strongly encouraged to talk to the coach about any issues or problems that arise during the season. This is not only the most direct and productive means of communication, but also a valuable method of teaching responsibility.

Communication the PARENT should expect from your child's COACH:

- The coach's philosophy and criteria for the team selection process.
- Specific team policies and consequences for when policies are not followed or training rules not adhered to.
- Expectations the coach has for your child as well as all the players on the squad.
- Locations and times of all practices and contests.

- Team requirements, i.e. practices, special equipment, out of season conditioning.
- Any special events or activities planned, including optional team garments that the team is considering to purchase.
- Procedure to follow should your child be injured during participation.
- Specific ways to improve upon athlete's ability.

Appropriate concerns PARENTS should discuss with COACHES:

- Notification of any schedule conflicts well in advance.
- Specific concerns with regard to a coach's philosophy and/or expectations
- If their child, at any time, feels threatened or uncomfortable in any way by actions of teammates or coach(es).
- Any specific information that the parent feels would be of value to the coach to help him/her coach their child.
- Any specific information that the parent feels would be of value to the coach to help him/her coach their child.
- Ways the parent can help the child improve.
- Any concerns a parent may have about their child's behavior or performance in or out of school (Often times a coach may have a very positive influence in the lives of their athletes). It is recognized that situations may arise where parents find it necessary to raise a concern with a coach, and it is imperative the parent(s) adhere to the following communication guidelines.

Protocol for registering concerns:

1. Contact the coach first, to set up a meeting.
2. If the coach cannot be reached, contact the Athletic Director.

MOST IMPORTANTLY

3. DO NOT CONFRONT A COACH BEFORE, DURING OR AFTER A PRACTICE OR CONTEST. THESE CAN BE EMOTIONAL TIMES FOR BOTH PARTIES. MEETINGS OF THIS NATURE DO NOT PROMOTE RESOLUTION.

It can be very difficult to accept your child's not playing as much as you may hope. Coaches are professionals. They make judgement decisions based on what they believe to be best for all students involved. As you have seen from the list above, certain things can be and should be discussed with your child's

coach. Other things, such as those listed below, must be left to the discretion of the coach:

Issues NOT appropriate to discuss with coaches:

1. Playing Time
2. Play Calling
3. Team Strategy
4. Other student athletes

There are situations that may require a conference between the coach and the parent. In most instances, it is vital that the athlete be present. It is important that all parties involved have a clear understanding of the other's position.

Next Steps after parent/athlete coach meeting:

What a parent can do if, in their opinion, the meeting with the coach did not provide a satisfactory resolution:

1. Call and set up an appointment with the Athletic Director (335-5812) to discuss the situation.
2. After this step, an additional meeting may be held with the parent, athlete and athletic director.
3. If the meeting with the athletic director does not resolve the issue then contact the Director of New Life Academy.

Other Important Talking Points:

Please do not discuss with your child a coach's tactics or playing strategies, starting lineup decisions, or decisions a coach makes about the playing time of other players. This will only undermine the coach's ability to help your child improve, to develop team harmony and develop constructive team play. New Life Academy has established a variety of co-curricular activities because they teach valuable athletic, academic and life skills. Research indicates a student involved in co-curricular activities has a greater chance for success during adulthood, as many of the character traits required to be a successful participant are exactly those that will promote a successful life after high school.

In Closing...

The intent of this communication plan is to help make the experience at New Life Academy's athletic program more enjoyable and productive for all athletes, coaches, parents and fans.

Cyber Image Issues

Student/athletes represent New Life Academy all year, not just during the sports season. As a result, New Life Academy encourages safe and responsible student behavior with regard to internet use. We highly recommend our students avoid inappropriate use of public web sites such as Myspace, You Tube or any other such sites. Any identifiable image, photo, video, or posted on-line conversation discovered which implicates a student athlete to have been in violation of our Alcohol and Drug Policy, Student Code of Conduct and Athletic Code of Ethics may be investigated and action taken by the administration.

Position on Non-School Sports Participation

Students frequently participate in sports outside of school which potentially detracts from their ability to focus on academics, their school/team, and personal/family time. New Life Academy expects the commitment to NLA teams to be their first priority should a conflict arise. Students choosing to participate in a non-school team event in favor of a NLA team event should expect to face consequences as decided upon by the coach, including potential suspension and/or dismissal from the team. The coach must be informed of any such conflicts well in advance, but we do want to make it very clear that all student participants are expected to honor their commitment to our teams for the duration of the season.

Policy on Performance Enhancing Supplements or Drugs

Healthy student athletes do not need supplements. Our students are encouraged to maintain a healthy diet, lifestyle, and exercise regimen in order to optimize performance. Use of illegal performance enhancing substances such as anabolic steroids, diuretics, HGH, etc., is now included in our athletic training rules and will result in dismissal from the team. There are many other commercially available products (such as creatine and other nutritional supplements) marketed for the purpose of enhancing athletic performance. We advise against the use of these products – studies on their long term effects are incomplete, and they may be detrimental to the health and performance of young student athletes. They potentially can be dangerous when used inappropriately.

Travel

Athletes are to travel to and from all events in school transportation when applicable. Coaches may use their discretion in allowing athletes to ride home with their parents when written permission is obtained in advance or verbal permission is granted at the time of the event.

Awards Criteria

The recognition for successful participation in an activity is important to the participants, the school, and the community.

1. All junior varsity and varsity participants will receive a certificate of participation.

2. All Varsity participants will receive a varsity letter. Only one letter will be awarded to a varsity athlete during their four year career. Service bars will be awarded for each additional year of competition.
3. There will be an end of the year awards banquet for all athletes and their families to present major awards to student athletes.

Policy on School Attendance for Athletes

An athlete with an unexcused absence from school may not participate in any athletic practice or game on that day.

Students who miss class as a result of an extracurricular contest or excused absence are expected to make up work as soon as possible. This may include after school sessions. Participants and coaches should understand that practice is not an acceptable excuse for failing to complete make-up work or for failing to attend after school help sessions.

Policy for Attendance at Practices

Each coach is entitled to have their own specific set of attendance/tardy policies which will be communicated at the beginning of the season. Missing practices during school vacations or extended breaks is always a concern and depending upon the game schedule, different coaches may have different consequences. As a courtesy to the coach and fairness to the team, it is vital and expected that the athlete, and if necessary the parent, communicates any vacation plans, or any other situations that may require the athlete to miss practices, to the coach well ahead of time. When parents and student athletes choose to take family vacations during a sport season, it must be understood that the time missed by the student athlete may affect team performance and chemistry. Student athletes who miss practices or competitions for reasons related to vacations can (and likely will) have their playing time adjusted.

The coaching staff certainly recognizes that there are extenuating circumstances that may lead to an athlete missing practices.

Hazing and Harassment

Hazing and harassment will not be tolerated in any form. Harassment is defined in the NLA Student handbook as any type of physical activity that adversely affects the mental or physical safety of the student; any activity involving the ingestion of a substance that could cause risk or harm; any activity that causes the student extreme mental stress; or any activity that induces or causes the student to perform a crime or an act of hazing. A person is considered to have committed an act of hazing when he/she engages in hazing; solicits, encourages, directs, or aids hazing; or intentionally, knowingly, or recklessly permits hazing to occur. It is not a defense of one's actions that the person against whom the hazing is directed has consented or acquiesced in the hazing activity.

Drug, Alcohol and Tobacco Policy

We support zero tolerance in regards to drugs, alcohol, or tobacco at any time during the season. Please be aware that athletes who violate the procedures around substances are subject to school and athletic consequence.

New Life Academy prohibits the purchase, use, possession, and being under the influence, possession of a reasonably related alcohol or drug device, participation in a related incident or refusal to cooperate with an investigation. School violations include all activities in school and in all buildings and grounds owned, operated, or rented by New Life Assembly of God and/or New Life Academy, or any other school sponsored activities.

VIOLATIONS DURING THE SCHOOL DAY OR AT A SCHOOL SPONSORED EVENT:

If athletes are found to be in violation of this policy according to the above criteria during school times or at a school sponsored event during the season, the athlete shall have the consequences from New Life Academy's Policies as well as the athlete consequences outlined below. To review the New Life Academy Policies concerning substances please see the New Life Academy Student Handbook to review those specific policies.

VIOLATIONS OUTSIDE OF THE SCHOOL DAY OR NOT AT A SCHOOL SPONSORED EVENT:

If a NLA athlete is found to be in violation of the zero tolerance expectation anytime during the season (at a school sponsored event or not), a hearing will be held with coaches, athletic director, school administration and pastor to determine consequences.

NCAA and Collegiate Eligibility

Students may wish to participate in intercollegiate athletic activities upon completion of High School. In order to be academically eligible the NCAA requires certain minimums on high school core courses, grades, and Sat/ACT standardized test scores. It is the responsibility of the student to monitor his/her status with regard to meeting NCAA requirements. Any questions in this area may be directed to the Athletic Director.

Community Service

All teams are strongly encouraged to design and implement a community service project each season. The rationale behind this: to bond as a team, to learn to work together, and most importantly, to give back to the community in which they live in. Coaches should submit a news release of the event, preferably with a photo to the Athletic Director.

Coaches Responsibility to the School

Coaches are expected and required to be familiar with all school policies and procedures and follow them at all times. Failure to support NLA in these ways, will seriously affect the coach's status at the school. Coaches are responsible to turn in all information requested by the Athletic Director.
